Christine Magee President, Sleep Country Canada

Christine Magee and her two partners, Steven Gunn and Gordon Lownds, founded **Sleep Country Canada** in October of 1994. Since its opening, Sleep Country has expanded to 81 stores in just eight years, with operations in three provinces and employs over 600 people. With Christine Magee, they are proud of their commitment to value and customer service. The many achievements and awards that Sleep Country Canada has received reflect this commitment.

As part of the commitment Sleep Country has to its customers, they also take great pride in their commitment to communities across Canada by supporting numerous charities and community initiatives. Some of the programs that they are involved with include the Donated Bed Program and the Give a Kid a Coat Program.

Christine Magee and Sleep Country Canada recognizes the importance of sharing knowledge and staying involved. With this belief, they accomplish this task through community speaking engagements, such as with the Tri Chamber Alliance.
